Dear Brian,

I am sending you this note to let you know how pleased I am with Advanced Restoration Corporation the State Farm Insurance approved contractors that finished the restoration work on my property at [REDACTED] [REDACTED] Queens, New York.

Advanced Restoration did a great job at finishing my apartment that had been completely destroyed by water damage. I could not have asked for a better company to undertake the restoration challenge.

Not only was the quality of the workmanship superior but my interactions with the contractors such as Brian Roberts were pleasant and amicable.

I would recommend Advanced Restoration Corporation to anyone under normal and catastrophic circumstances such as mine and would personally use them again should I need contracting work done.

I moved back into my apartment on December 31st 2008, and it has been pleasant in my new surroundings.

Sincerely,

Ranji [REDACTED]
